WTCS OVERVIEW

MISSION

In 1911, Wisconsin became the first state to establish a system of state support for vocational, technical and adult education – now known as the Wisconsin Technical College System (WTCS). That same year, the Legislature also established Wisconsin's highly-regarded Apprenticeship program, and our statewide System continues to uphold the high standards of our mission statement, as outlined in state statutes:

"To enable individuals to acquire the occupational skills necessary for full participation in the workforce by recognizing the rapidly changing educational needs of residents to keep current with workplace demands, and to work collaboratively with other educational institutions and partners to deliver educational options that foster economic development." (s. 38.001, Wis.)

ORGANIZATION

In keeping with the System's mission, Wisconsin's 16 technical colleges provide dynamic education and training in a rapidly-changing marketplace, increasing the economic vitality of students, employers and communities throughout Wisconsin.

The colleges offer relevant, high-value credentials; customized instruction and technical assistance; dual credit for high school students; basic skills instruction and English Language Learning; and transfer opportunities for those pursuing a four-year degree. In this work, the colleges maintain uniquely close ties to employers, helping local economies thrive and more importantly, instilling in students confidence in their employment prospects.

Whether you're measuring student success or the level of importance that employers place on our role in the success of their business - measures that we take routinely – Wisconsin's technical colleges deliver.

DATA IN THIS REPORT

Because submission schedules differ for student and financial data, the WTCS Fact Book is published in two parts beginning in 2019. To provide the latest student data in a timely manner, the 2018-19 Fact Book (Student Data) focuses on student enrollment and completion trend data, typically through the most recently completed academic year. The 2018-19 Fact Book (Financial Data) details costs, revenues, and other financial data. Rather than including or repeating footnotes for each table, we have included END NOTES with data definitions and methodology following the data tables.

Collaborate. Innovate. Inspire. Transform.

END NOTES

DATA DEFINITIONS & METHODOLOGY

¹Costs related to general operations. Excludes capital costs, debt repayment costs and costs related to enterprise operations, such as a bookstore or cafeteria.

²Includes courses offered at the five technical colleges - Chippewa Valley, Madison Area, Milwaukee Area, Nicolet Area and Western - authorized by statute to offer programs that transfer to 4-year institutions.

³Includes Short-Term, 1-Year and 2-Year Technical Diplomas.

⁴Non-degree courses designed to meet a specific continuing education need, such as professional development and public safety offerings.

⁵Adult Basic Education (ABE), English Language Learning (ELL), and career exploration courses.

⁶Self-enrichment offerings including art, craft or avocational.

⁷ Total operational revenues and expenditures may not match due to timing differences in recording revenues and expenditures. In thousands; figures may not add due to rounding.

⁸Includes funds from all state sources.

⁹Includes other fees charged to students, such as those that may be charged for materials, applications, parking, community service courses and out-of-state tuition.

¹⁰Consists primarily of revenue from contracts for services and interest income.

¹¹Includes 20% of General State Aid designated for Outcomes Based Funding

¹²Postsecondary and Vocational Adult courses include postsecondary courses at both the Associate Degree and Technical Diploma level, and the vocational adult or continuing education level.

¹³In Thousands; figures may not add due to rounding

¹⁴All funds, excluding debt service

¹⁵Valuations exclude land values for Tax Incremental Districts (TID), since these values are not included in college mill rates.

¹⁶In millions.

¹⁷Full-Time Equivalent (FTE) is equal to 30 credits per year; figures may not add due to rounding.

¹⁸Courses taught at the high school level or below; includes English Language Learning (ELL) courses.

¹⁹Costs assigned to basic education courses using a standard FTE-based cost distribution methodology.
