CREDIT OPTION

Participants may receive up to three graduate credits from participating UW graduate programs. Additional credit options may be available through other universities. Contact the WLDI Coordinator for more information.

... About WLDI

The Wisconsin Leadership Development Institute (WLDI) was initiated in 1995 by the Wisconsin Technical College System. The goals of the Institute are to:

- Develop leaders in all areas of technical college leadership
- Increase diversity of leaders across all management levels
- Foster interaction with other WTCS leaders through collaborative experiences and practicum opportunities with a college mentor
