

Faculty Quality Assurance System College Course Offerings

The Wisconsin Technical College System (WTCS) and 16 technical colleges, offer a variety of methods by which faculty can complete professional development associated with the foundational FQAS Competencies. WTCS has grouped these competencies into four course groupings: Assessment & Curriculum, Diversity, Equity & Inclusion, Student Success, and Teaching Methods.

Each college manages their own course schedule, times, methods in which the courses are offered (online, face-to-face, hybrid, independent study), cost (if any), and availability to faculty in-district, out-of-district, or both.

If you are interested in taking a course, please contact the college representative listed below.

<u>Blackhawk</u>	Sandy McNutt	608.757.7738	smcnutt@blackhawk.com
<u>Chippewa Valley</u>	Corey Powers	715.858.1874	cpowers5@cvtc.edu
	Rachelle Phakitthong	715.833.6411	rphakitthong@cvtc.edu
<u>Fox Valley</u>	Alison Seidl	920.735.4883	seidla@fvtc.edu
