WTCS OVERVIEW

MISSION

In 1911, Wisconsin became the first state to establish a system of state support for vocational, technical and adult education – now known as the Wisconsin Technical College System (WTCS). That same year, the Legislature also established Wisconsin's highly-regarded Apprenticeship program, and our statewide System continues to uphold the high standards of our mission statement, as outlined in state statutes:

The Wisconsin Technical College System (WTCS) provides comprehensive education opportunities that position students and employers to thrive in the face of rapid changes in the workplace, creating economic vitality for individuals and communities throughout the state.

ORGANIZATION

In keeping with the System's mission, We empower technical colleges to recognize and meet the unique needs of individuals and employers in driving economic prosperity for all and promoting lifelong learning as a model for the advancement of diverse communities throughout Wisconsin

The colleges offer relevant, high-value credentials; customized instruction and technical assistance; dual credit for high school students; basic skills instruction and English Language Learning; and transfer opportunities for those pursuing a four-year degree. In this work, the colleges maintain uniquely close ties to employers, helping local economies thrive and more importantly, instilling in students confidence in their employment prospects.

Whether you're measuring student success or the level of importance that employers place on our role in the success of their business - measures that we take routinely – Wisconsin's technical colleges deliver.

DATA IN THIS REPORT

Because submission schedules differ for student and financial data, the WTCS Fact Book is published in two parts beginning in 2019. To provide the latest student data in a timely manner, the Fall WTCS Fact Book focuses on student enrollment and completion trend data, typically through the most recently completed academic year. The Spring WTCS Fact Book includes financial data. Rather than including or repeating footnotes for each table, we have included END NOTES with data definitions and methodology for each table.

Collaborate. Innovate. Inspire. Transform.
