Requesting Access to the Dashboards

- Please contact one of your college’s “Data Access Coordinators” to request access to the Tableau dashboards.

Accessing the WTCS Tableau Dashboards

- Navigate to your internet browser of choice.

- Enter in the URL for Tableau: https://tableau.wtcsystem.edu

- After you have entered the URL for Tableau, a popup will appear prompting for your credentials. Navigate to the popup to enter your credentials.

- For “User name” enter your WTCS account username.

- For “Password” enter your WTCS account password.

- Click “OK”.

- You should now be at the “Projects” page.

- Click the “WTCS” folder.
Select the “Projects” tab along the top of the screen. You should now see folders for the dashboards you have access: the “Program Performance” folder which houses the WTCS Program Performance Dashboard; and the “Student Success” folder which houses the WTCS College-wide Student Success Dashboard. Select the appropriate folder and open the dashboard for viewing.
